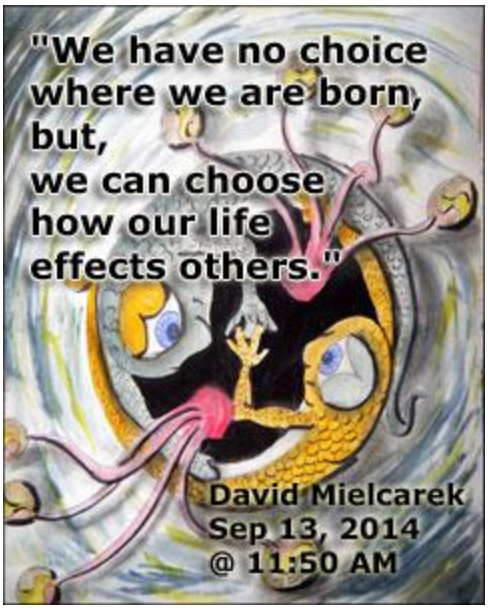
Choose Life's Effects (aka Birth Does Not Control You)



After interacting with so many people in so many places, a thought/quote popped into my head and I felt the need to share (see graphic). I hope you all enjoy.

And, thank you to those who make this planet a better place.

It is together that we make the pie taste good. Separate the salt, flour, etc. and they don't do well on their own. (well okay, sugar does taste quite nicely by itself...*grin*)

I hope that my personality (ingredient) helps the flavor grow in pleasure and I do not create any bitterness for you.
